no-Q

Social Distancing

Complies with the Covid-19/
Pandemic protocol

Can guarantee that crowds
are not an issue and that
social distance is maintained

Long and unpredictable
wait times can be eliminated

**Let long
queues
worry you
no more**

Tokens are used to assist clients appointments and serves as a confirmation of the service

Fill the right number of service and appointment requests in a day with the slot available

Organization-wide data and analytics over the service to the management

Arrange the staff's working hours depending on the peak token request

Handling lineups at various counters and slots available at various branches

Sign and signalling system show tokens for a Multi-counter service

Ticket through the online, chat, or phone, or use the kiosks at the lobby

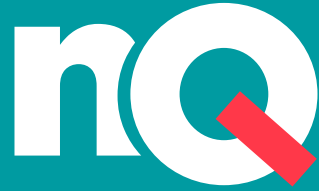

Visibility to the customers, eliminates wait times, improves visitor experience, and reduces customer complaints

No-Q offers a Prebook option that allows you to select several slots and receive confirmation based on availability
